

SAM - BUDGETING

COSTS TO STATE AGENCIES

6611

(Revised and renumbered from 6631 on 3/2009)

The issuing state agency must accurately identify costs that other state agencies incur as a result of its regulation. The identification will allow the other affected state agencies to take the appropriate action to secure any needed funding. The basic methodology for estimating costs is set forth in SAM Section 6607. The primary difference, of course, is that the governments contacted for cost data would be state, rather than local agencies or school districts.

Each state agency must carefully review the weekly “California Regulatory Notice Register” published by the [Office of Administrative Law \(OAL\)](#) in order to determine whether any proposed regulation therein would impact that department. The state agency proposing to issue the regulation must notify any affected state agency of any potential impact. Each state agency will have to determine for itself whether it needs to obtain additional funding.
